

Environmental, Health and Safety Policy Statement

Policy Statement

We are committed to protecting the environment, the health and safety of our employees and customers, and the global communities where we operate. We strive for continuous improvement in our environmental, health and safety management systems and in the environmental quality of our products. We recognize that by integrating sound environmental, health, and safety management practices into all aspects of our business, we can offer technologically innovative products and services while at the same time promoting health, safety and conservation of resources.

Guiding Principles

- Meet or exceed all applicable environmental, health and safety (EHS) laws and regulations.
- Continuously evaluate our EHS performance by monitoring our results and through periodic management reviews.
- Strive to create products that are safe in their intended use, conserve energy and materials, and minimize adverse environmental impacts.
- Educate and encourage employees to assist in promoting our environmental, health and safety policies and procedures.
- Operate our facilities in a manner that maximizes safety and promotes energy efficiency and conservation of resources.
- Promote the use of prudent environmental, health and safety principles and practices by our contractors, vendors, and suppliers.
